**Solidarity with Education Employees in Colombia**

Dear Sir,

ČMOS PŠ firmly condemns the attack that has been perpetrated on the head office of the Colombian Federation of Educational Workers (FECODE) on 18 May 2017.

We would like to ask the Colombian authorities to intensify its enquiries with the aim of identifying the attack perpetrators. We also ask the authorities to adopt practical and long-lasting measures aimed at fostering free and quality public Education for all Colombia. The Colombian school community must benefit from protective measures geared towards Education contributing to the instauration of peace, respect and living in harmony.

As has been continually reclaimed by FECODE over time, schools must be peaceful environments.

Yours sincerely,

František Dobšík  
President of ČMOS PŠ
